

Practice Areas

Litigation Accounting Services

Matson, Driscoll & Damico's professional forensic accounting teams provide expert consulting and fact witness testimony, and are qualified experts in provincial, federal and international courts.

Areas of expertise include:

- Quantification of damages in breach of contract and tort actions
- Business interruption losses
- Forensic accounting services
- Expert testimony and trial assistance
- Intellectual property
- Critique of opposing expert's report
- Environmental liability
- Expropriation damage quantification
- Course of construction and delay claims
- Financial motive investigations in arson cases
- Shareholder disputes
- Business valuations
- Economic loss assessment in liability claims

In today's environment of rapid and unprecedented change, businesses everywhere face a multitude of challenges. More and more often managing risk and exposure is as important as managing operations. And, if your company has a business dispute, having the right team in your corner can spell the difference between success and failure.

MD&D has developed teams of experts and partner specialists who provide reliable and effective litigation support to their clients. As one of Canada's leading forensic accounting and investigative firms, with offices across Canada and around the world, MD&D is ready to provide litigation support for business disputes

For over 70 years, MD&D has provided expert assistance to the legal community for disciplines such as: lost profits, business disputes, business valuations, fraud, subrogation, and products liability and recall. They provide independent and objective economic assessments to enable fair and equitable settlements, and therefore expedite dispute resolution.

MD&D's professional staff includes Chartered Accountants with designated specialization in investigative and forensic accounting

services, Certified Management Accountants, Chartered Business Valuators, and Certified Fraud Examiners, and have become the firm of choice for businesses, insurance companies and lawyers the world over. The firm's highly trained and experienced professionals provide expert, consulting, and fact witness testimony, and have qualified as experts in provincial, federal and international courts.

For rapid assessment of your needs and specialized litigation support, call the experts at MD&D.
